# LEADERSHIP REFLECTION

*Grow your leadership & check back in with your purpose*

## This fall...

- ...how is your **Purpose** *(the principles which give your life meaning)* calling you?
  
- ...what is your **Vision** *(a clear and compelling picture of your desired future)*?
  
- ...how do you want to enhance your **Performance** *(your capacity to produce results that further your vision)*?
  
- ...how will you grow your **Resilience** *(the ability to shift from reactivity to a state of resourcefulness in moments of stress and crisis)*?
  
- ...what **Partnerships** *(strong interdependent relationships that advance your vision)* do you want to create?
  
- ...how will you nurture your **Personal Ecology** *(maintaining balance, pacing, and efficiency to sustain your energy over a lifetime of activism)*?
