VISION is the practice of creating and articulating a clear and compelling picture of your desired future. This worksheet will guide you through some key questions to help you prepare a vision for something you’d like to create or make happen. It can be for a project, an organization, or even a personal vision for your life.

- Draw, write, or make a collage about your vision.
• What about your vision gets you most excited?

Now that you have your vision, here are a few ways to take it forward:

• For a personal vision, consider posting your canvas where you’ll see it every day, like the bathroom mirror or next to your computer monitor.

• For a project vision, share it with others who might want to get involved and invite their feedback.

• For an organization vision, share it with your colleagues and co-workers and invite their feedback.

Happy visioning!
